ANNOUNCING THE LAUNCH OF TITLELOGIX SOLUTIONS, LLC

- Software as a Service (SaaS) and Web Based title information solutions to reduce costs and improve turn-time, while creating efficiencies in production -

DALLAS, TX - TitleLogix Solutions, LLC, is a newly formed, Texas based title information software solution company created with the purpose of crafting and delivering state-of-the-art technology solutions to the title insurance industry. Currently TitleLogix has offices in the Dallas and Houston area with plans to grow their products and services to a nationwide offering.

Utilizing Software as a Service (SaaS), TitleLogix has reimagined the title insurance workplace through time sensitive solutions that address age old problems of turn time, accuracy and cost - resulting in improved quality and title production efficiencies.

TitleLogix's goal is to be the industry leader in integrated SaaS and Web Based title information solutions. Applications and data will be accessible via seamless integration with your title production platform from anywhere, at any time, by your employees through a Web Browser. Title companies utilizing TitleLogix will benefit from reduced costs, higher quality, improved turn-time and the utmost efficiencies of production.

Industry veteran Max Harris will lead TitleLogix. "TitleLogix Solutions will help you make informed business decisions with reduced risk," said Harris. "TitleLogix's products and services are what the title industry has needed for a long time, and I am thrilled that we are able to offer this solution," said Harris. TitleLogix plans to release more information soon about their products and services and how their SaaS technologies can arm your business to compete and win in today's dynamic marketplace.
